

“The Untied States can’t afford the Financial & Political RISK mounting with any work of Clinton’s stalker’s network or Bush’s Administration & chain of Felons & Business supporters.

A Special Emergency Session is needed to Impeach the Bush Administration Immediately.”

Use of Narcotics Organizations & Stalkers claiming to be Sabotage "artists" as a Running Joke causing boycotts of Western Companies following boycott of Israel Companies

- Felony use of Space Satellite Systems, Terra Star Wars, News Agency, Company & Government Manipulation,
- Human Trafficking, Kidnaping, Bordellos, Pedophilia, Slaves, Organ Theft, Migrant Workers, Designer eNarcotics, Intractable Psychological Disorders, Genocide,
- Avoidance of information on Homo Sapient Life OF Earth,
- Failed attempt to dictate Law & Public Health Issues with News Reports, Stalking, & Weaponized Space Satellite Terrorism
- Targeting & Stalking Attacks on World Peace Planners, Green Economy Inventors, Free Internet Economy Advocates,
- Lack of Sovereign Thought, Reactionary Programmed Responses instead of Diplomacy, Programmed Violence & Promiscuity, Financial & Physical Instability,
- Terrorism with Stock Market & News, use of News Reports & Stalkers to attack Financial & Psychological Stability,
- Myopic Conversations repeated from the 1990s = No progress on issues, waste of time & money, Electronic Economic Terrorism
- Attack on Christianity, Non Ancestral Advocates of Religious Organizing
- Space Satellite Systems used to Stereotype, Dehumanize & Terrorize United States Citizens in a European Hindi Pakistani Stock Market Gaming Environment, use of Reporters, Novelists, Sports Players as Stalkers.

United States Citizens conditioned to believe a system of Communication & symbolic gestures existed to manipulate the brain or secure a path in Life instead of reinforcing Homo Sapient Life OF Earth has debilitated many over a period of 35 Years.

Those stalking anyone for any reason seek Fame & acknowledgment from European Companies, Politicians & similar networks of people organized to provide information to European Companies & Politicians. Newspaper Reporter & Editor manipulation is the main method used from the Network of Stalkers organized around Mark Thatcher in a South African prison.

Those signaling with symbolic gestures, using key words or key phrases that in conversation with someone else does not make sense or appears tangential are signaling to the stalkers listening & using their body & brain to sense what the person using the system is trying to communicate or is physically experiencing.

Gaming & Stock Market activity within this Network of Narcotics Organizations has dictated emotional drama, level of sensory debilitation & events in the lives of those using the system or those targeted & maliciously stalked.

How does the Brainwashing happen? Narcotics Organizations have been working on teaching the method of brainwashing to the Vagrant population of Hindi Serfs, Bordello workers & Mafioso. If it's possible to electronically link an object from point A to point B, it is possible to manipulate thought & direction of Conversation as the stalkers have learned how to do. Stalkers make believe they're the person being targeted or stalked & program their thoughts & chain of words as though they're the targeted person.

When topics, key words or key phrases are discussed or come up in conversation, the chain of words, thoughts & ideas flow with the programming of the Narcotics stalker.

The System of Narcotics Stalkers that was explained as a Crime Stopping or Crime Solving device of the UK or European Union that electronically linked or fed information on events to the brains of Reporters in the News Agencies is in fact what is called a "brass in the pocket", "good luck" or SISco system for the Human Network of Password, Information & Patent thieves, Emotional Terrorists, eKidnappers & Event Horizon manipulators.

The Commercial WWII reference & presence of a Commercially advertised SISco for the Human Network means, this group of people organized from the Offices & minds of those in the UK's TenDowning are creating Human Weapons of Mass Destruction.

UK & European manipulation has electronically infiltrated Countries with the use of Western Government resources. In the Narcotics Organizations, all Organizations, Businesses & Governments have been organized as a Brain network. Information disseminated with this brain network is scripted & programmed to create a chain of events. At some times, the scripting & programming completely debilitates Sentient thought & produces a Stage effect familiar to the Acting Community.

New York City & New Orleans are the only "successful" stages of the Narcotics Organization's Terrorist screen plays that directed & programmed timing of news, meetings, conversations & reactions to news & information. NO SOVEREIGN THOUGHT IS ALLOWED during staged events like 9/11 or Katrina or attacks on Political Campaigns, any event having to do with Cameras or release of news & information.

The series of events, conversations, meetings, Television Programming, news reports, schedules before 9/11 & Katrina caused 9/11 & Katrina's disasters. All brains of anyone in any population are linked to a Holographic template of those profiled to cause things to happen. The Schedule of events all happening at the same time before 9/11 & Katrina caused the disasters that contributed to the International campaign from the Narcotics Organizations to cause Genocide of Non Western People.

All conversations of the Narcotics Organization were used as plans then scripted or programmed for the GOP, DNC & the Constitutional Governments of any Country to "push" forward.

The Conversations coming from this Network of Narcotics Organizations as you can imagine, were of Genocide, being caught, being in a prison of News Networks reporting fact, & the impending end of the existence of the Narcotics Network of Organizations or as translated into everyone else's schedules & lives, the extinction or end of Life OF Earth as programmed with many films & events of the 1990s.

The Acting Community was encouraged by Intelligence Agents of the UK & EU, Politicians & Businesses trying to claim rule of Earth with information, patent & experiential information theft & Programmed audiated thought later used in blackmail or in Western Companies. Actors of the UK claim not to have free will or a will of their own, the UK Government is known to claim otherwise & allowed the Actors to Organize a Narcotics Network to Terrorize anything that would Legally save Wester Civilization & Christianity.

Reportedly there is no code followed from the Acting Community or anyone claiming to defend the UK as they're all claiming to be above it all as Rulers of Earth. Those they use to stalk & terrorize Politicians & Companies however, claim to know of a code & signals to follow within the Narcotics Network of Organizations.

All Front Page news sets the "stage" for future events or so it is reported as the method the Narcotics Organizations use to organize their thoughts & future events.

All WWII Plans of World Conquest known. Plans include the spread Disease, HIV AIDS, Domestic Violence, Civil Wars, encourage Nuclear War to create the event of one person having power over a now commercialized "button", control or Dictation of Financial & Natural Asset Migration & the rewriting of History & Ancestries of Earth as Aryan Centric are the known failed plans of those doing any hacking, stalking or puppeting of impoverished Suicide bombers & Terrorists.

The series of Logical events, expenditures, reports of spending, & conversations over time is called an Event Horizon. The news & events the stalkers push are based on the Event Horizon programmed as a result of their self serving myopic conversations that were used along with plans, films & news of the 1930-1950's. The conversations & products of the 1930-1950's to include all post WWII Companies were then used to program conversations in the 1990s-20007 verbatim.

"Earth from Space", a Firefly Book, is of the series of books & reports used to plan any use of Space Satellite Systems to stereotype & program Populations of people from an object oriented database & database of psychological & experiential profiles. The CIA & EU Databases of profiles is being reworked from the Network of Narcotics Organizations to exclude any honest, law abiding defender of the United States Constitution & Constitutional Governments.

The series of events & conversations of the 1990s that produced 9/11 is being replayed again & again as though it would produce a larger disaster. This limits conversation & progress on any issue without reason & wastes the time & resources of any Non Western Citizen or Country. All activities were targeting those aligned to Organically Produce World Peace & Green Economy Inventions that would have naturally been a product of an Internet Business Revolution in the 1990s.

All those aligned in the World Peace Event Horizon to produce as a result of a natural 1960's matrices of a World Peace Plan in Hawaii were attacked from the Network of Narcotics Organizations after 9/11.

Mother Teresa, Pope John Paul the Polish Pope, & many other of Talent, Intelligence, political power & reputation of Good Samaritanism or Non Ancestral Defense of Christianity have been attacked or murdered as a result of the Myopic Programming from the Western minds of the Network of Narcotics Organizations.

Any repeat of series of Conversations & events before 9/11 would cause the repeat the attacks on the Devout, those Non Ancestral defenders of the United States Constitution & Christianity, any LIFE SAVING Green Economy or Free Internet Economy Invention or Company.

Electronic Direction or Control of News Agencies is defacto Kidnapping that becomes eKidnapping when the same people are targeted for information, news media attention & source of good ideas that come from a peaceful cooperative environment.

eKidnapping encourages & caused an epidemic of Human Trafficking, intractable Psychological Disorders, Mindset & Ideology of 17th Century Slave Owners in the Narcotics Network of Organizations patronizing Sweatshops, Pedophilia, Bordello workers, Stock Market Gaming, Narcotics Abuse, bartered Weather Control & Scarcity Creation, staple commodity Price Fixing, Spread of Disease & Psychosomatic Disorders, Psychological Instability, Espionage & Electronic Economic Terrorism.

The Untied States can't afford the Legal & Political Liability mounting with any work of Clinton's stalker's network or Bush's Administration & chain of Felons & Business supporters.

A Special Emergency Session is needed to Impeach the Bush Administration Immediately.
